Report on certificate course on Basics of MS Office 2021-22 dated 15 Nov. 2021 to 16 Dec. 2021.

Bajiraoji Karanjeekar College of Pharmacy, Sakoli organized the certificate computer course to develop the computing skills in our student. Our college is located in Sakoli town and maximum student were came from remote rural areas many of them are not aware above the applications of the computer and also not aware about its handling. As we know that the pharmacy education is technical education and students must aware about the computers and basic uses of MS Office

The main objective of course is to enable the students to study MS Office and to enrich the practical knowledge in MS Office.

Almost all organizations use Microsoft Office. They use it for business accounting, office administration, project administration, sales, and communications. Thus, most jobs will require you to know how to use it. We offered the certificate course for our B-Pharmacy Second year Class so that it will be helpful to create, save, and edit files on different devices. Mr. Ruplal Pardhi, Computer Programmer was appointed to teach the course. The total strength of B. Pharm- II year was 66 and course carried out in two batches, in morning 09 to 10.00 am and evening 05.00 to 06.00 am, out of 66 students 52 attended the computing assessment on dated 18/12/2021 and they were provided with certificates on their successful completion of course.

Course Outcomes: Certificate Course in Microsoft Office & Internet helps students to build a brighter future by empowering them with:

1. Basic Essential Computing skilled candidates are required in companies.
2. Hands-on Practical Knowledge of computers.
3. Boosting their resume.
4. Providing an edge over other applicants in the competitive job market.
5. Providing valuable experience and confidence.
6. Heightening their earning potential.
7. Gaining recognition among peers and employers.
8. Helping them in pursuit of higher education or a successful career.
