**Report**

**Title: "Analytical methods, development and its impact on Education, skills and work"**

During the celebration National science day, Bajiraoji Karanjekar College of Pharmacy conducted online webinar on the topic: "**Analytical methods, development and its impact on Education, skills and work**", on 2 march 2021, hosted by Associate professor Rajarshi Shahu college of pharmacy and research Tathawade, Pune. Dr. P.S. Raghu Principal, Bajiraoji Karanjekar College of pharmacy welcomed the students for the webinar and introduced the resource person. The eminent resource person with great Knowledge about High performance liquid chromatography (HPLC).He explained HPLC methods are able to separate, detect, and quantify the various drugs and drug related impurities that can form on storage or manufacturing of drugs.HPLC method development and validation play important role in the drug discovery, and how it will impact on education, skill and work. He also highlighted that optimization of HPLC conditions and other important perspectives during method development and validation parameters according to ICH guidelines. The interactive webinar session, organized by Bajiraoji Karanjekar College of Pharmacy, was a successful one, with an attendance count of 83 members including staff, students and delegates from other institutions. The session has helped to develop strategies and the issues pertinent to designing HPLC method development and validation of drug in both the students and faculty. At the end of session Mr. Ashwin Wanjari, Department of Pharmacology, Bajiraoji Karanjekar College of Pharmacy, proposed the vote of thanks.
